# WELCOME

## WELCOME,

It is with pleasure that we invite you to our bull & female sale in Roma.

We have been marketing both Senepol & Senepol/Charolais bulls & females for many years now & with larger than normal numbers of bulls & females around us it is time to offer a great line of cattle at open auction.

Most of the dams of the cattle on offer are females that have been used to generate calves for Australian Agricultural Company for the past four or five years through embryo transfer.

We have approximately 40 Senepol bulls & 45 Senepol/Charolais or Senepol composite bulls on offer that have been either bred at Emerald in central Queensland or been born in southern New South Wales & sent to Emerald as weaners. All the bulls on offer have been running in a tick & buffalo fly environment for many months to acclimatize them.

The females on offer will either be PTIC or have a calf at foot. This group of females are exceptional. There are a large number of donors on offer that we have collected for both domestic use & exported embryos internationally. All the females are of top imported bloodlines.

We are offering these elite females because we have a large number of young Senepol females out of the females on offer to continue to grow our Senepol herd.

Cattle carrying Caribbean Senepol bloodlines have excelled in both the show ring & in the field with progeny adapting well in northern environments.

Senepols & Senepol cross cattle give cattle producers the flexibility to use an adapted Bos Taurus in a tough northern environment, these are bloodline that will improve a number of traits in Brahman based cow herds.

- Improved conception rates
- Higher branding rates
- Improved carcass attributes
- Improved temperament
- Higher weaning weights
- Flexibility in your markets
- All the benefits that hybrid vigour offers

On our web site you will find some links to papers written by a variety of people from DPI, MLA & CRC about trials that have been undertaken in Australia, confirming our claims.

Please take the time to read the papers. It may make you re think about your cattle operation.

We stand behind our cattle & wish you every success with your cattle in the future.

I hope to see you on sale day.  
Regards,

Dallas & Barb Hawkins
